TODAY & TOMORROW

JUNE 19-JULY 9, 1982

RUSH — TIME DATED **ADDRESS CORRECTION REQUESTED**

(Newsbriefs continued)

A symposium for health care professionals on two new disease phenomena among gay men will be held on Saturday, June 26 in Cole Hall from 8:30 a.m. to 5:15 p.m.

The meeting, sponsored by Nursing Services, will feature two case studies which involved multidisciplinary clinical approaches to the treatment of Kaposi's Sarcoma and Pneumocystis Pneumonia. Nurses, nutritionists, respiratory therapists, social workers, and other health care providers who comprise the workshop faculty will participate in panel discussions of these case studies.

Continuing education credit is available. Fee is $35 general and $15 for UCSF employees and full-time students. For further information call x2993.

The Office of Extramural Support reminds principal investigators and others concerned that NIH now requires that the biographical sketch in grant applications be no more than two pages, the "Specific Aims" section of the Research Plan be limited to one page, the "Significance" section not exceed three pages, and the "Progress Report/Preliminary Studies" section not exceed eight pages (excluding professional personnel and publications lists and appendix). Starting with the October 1, 1982 receipt date, applications that exceed the above page limitations without the required brief explanation will be returned.

In addition, the internal approval document that accompanies all extramural funding proposals has been revised. The new form is called the Contracts and Grants Approval Form (number 71455-126) and should be ordered from Storehouse. The old form will not be accepted after July 1.

UC's independent audit firm has found that UCSF is not in full compliance with final technical reporting requirements. Technical reports must be filed within the time frames specified by the federal granting or contracting agency.

For further information on the above regulations call x2977.

As of July 1, there will be several changes in the public parking rates and permit parking for all campus garages, as well as the Kirkham Street lot and the Fourth Avenue lot behind the new School of Dentistry.

- New public parking rates will be: up to 1 hour, $.75; 1-2 hours, $1.50; 2-3 hours, $2; 3-4 hours, $2.75; 4-6 hours, $3; 6-7 hours; $3.75; and 7-8 hours, $4. The Kirkham Street and Fourth Avenue lots have a special rate of $2 all day for cars entering between 5 and 7 a.m.
- New permit monthly rates will be: July 1: salaried faculty and management program members (A permit), $24; daytime remote lots (B permit), $12; daytime garage facility (G permit), $24; house officer (HS permit), $24; night staff after 2:30 p.m. (N permit), $10; night staff/student after 5 p.m. (L permit), $2; and salaried faculty assigned primarily to SFGH, VAMC, etc. (RA permit), $6.
- In addition, a limited number of summer parking permits are still available in the Parking Office, H Level, Millberry Union Garage. The permits are valid in all UCSF garages during the day beginning June 14 and cost $21 for the first month, $24 for the two remaining months.

Permit holders are reminded to make sure the card reader's green light is on before inserting the cardtrol. Where there are both exit and entrance gates the earliest vehicle to arrive will get the green light. Use the intercom for assistance by pressing the intercom button once and releasing it before talking.

- The City of San Francisco offers parking by the day and quarter-year at the Kezar Stadium lot. Permits are $60 and can be obtained at the Property Management Section, second floor, McLaren Lodge Annex, Fell and Stanyan streets, 9 a.m. to noon, and 1 to 4 p.m. Parking also is sold by the lot attendant for $1.50 per day.

This facility is entered from Stanyan Street and is open 24 hours a day. Staff is on duty 6 a.m. to 5 p.m. and the UCSF Security Shuttle transports faculty, staff, students and visitors to the lot between 5:30 p.m. and 2 a.m.

For further information on parking rate changes call x2566.

UCSF health professionals who serve Spanish-speaking patients are invited to learn Spanish at the Cuernavaca Summer Seminar to be held in Morales, Mexico, August 1 to 21.

The seminar, sponsored by the Landberg Center for Health and Ministry, takes a cognitive approach to learning Spanish. There will be no textbook grammar or dialogs.

The seminar is open to all UCSF students, faculty and staff (and one family member) and is limited to a total of 20 individuals. Cost is $1089 which includes airfare from San Francisco, ground transportation, room and board, tuition, registration, field excursions and minicourses. A check for $50 will reserve space.

Deadline for registration is July 1. For further information contact Odette Lockwood, 1290 Fifth Avenue, S.F. 94122 or call 564-3515.

Writing and editing scientific dental articles is the topic of a free workshop sponsored by the School of Dentistry's Department of Periodontology, Division of Dental Hygiene on Friday, June 25 in Room N 527 from 10 a.m. to 3 p.m.

The workshop will feature a lecture, discussion, exercises and slide presentations on how to present and illustrate articles, how to use charts and graphs, as well as working with the printer.

Christine Nolen of the Council on Journalism of the American Dental Association will lead the program. For further information contact Norma Francisco at x3237.

DEADLINE

Deadline for the next issue of *Today & Tomorrow*, which will cover the period July 10-30, will be June 29, 11 a.m. Please send your copy to Allen Balderson, News & Public Information Services, 532 Parnassus Ave., Rm. 300, x1541 or x2557.

The entire campus community is invited to Chancellor Sooy's Birthday Celebration on Thursday, July 1 in the Millberry Union Gym from 3 to 5:30 p.m.

The party will celebrate Chancellor Sooy's birthday, his return to the faculty, and his stepping down from the chancellorship.

Unveiling of the Chancellor's portrait will take place at 3 p.m. Made possible by funds provided by the some 500 members of the Portrait Committee, headed by Vice Chancellor Emeritus Leslie Bennett, the portrait was painted by well-known S.F. artist Amado Gonzáles. Birthday cake and beverages will be served and a special gift presentation will be made at 4 p.m.

Dixieland music by "The Pier 23 Jazz Cats" will be donated by Millberry Union's Committee for Arts and Lectures. The entire celebration is being funded by campus donations. Anyone wishing to contribute should send a check payable to the UC Regents to: Chancellor Sooy's Celebration, Room S 115.

UCSF will hold a public hearing on the Draft Environmental Impact Report (EIR) prepared on the University's proposed Long Range Development Plan Restudy (LRDP) on Tuesday, June 29 in Toland Hall at 7 p.m.

The LRDP provides a detailed description of the current status of UCSF and outlines proposals for its future physical development. Adoption of the LRDP indicates an approval in principle of its use as a guide to the future development of UCSF, without making a final commitment to any specific project or action. Implementation of the LRDP will depend upon availability of resources and approval of specific projects.

In addition, the EIR also contains initial study environment assessments for two proposed campus projects: a Research Module I (approximately 30,000-40,000 gross square feet of research space) and a west campus parking facility (approximately 400 parking spaces).

The purpose of the public hearing is to give the general public the opportunity to present testimony regarding the environmental impact of the Proposed Long Range Development Plan Restudy. Written and oral statements from interested persons or groups will be accepted at the hearing for entry into the hearing record. A transcript of the hearing will be made and included in the Final Environmental Impact Report.

The hearing record will be kept open until Friday, July 23, 1982. During this period, letters and statements may be submitted for inclusion in the record by writing: Robert LaPointe, Chancellor's Office, 145 Irving St., x1131. Copies of the Draft Environmental Impact Report are available at the above address.

NEWS BRIEFS

The Long Foundation Prizes for Excellence in Teaching were awarded to four faculty members and three teaching assistants at a special School of Pharmacy faculty meeting on June 15.

Full-time faculty receiving awards, which included a $900 prize for each recipient were: Svein Øie, associate professor, Pharmacy and Pharmaceutical Chemistry; Steven R. Kayser, associate clinical professor, Pharmacy; and Donald Heyneman, professor, Parasitology, School of Medicine, who teaches pharmacy students.

Lana G. Witt, assistant clinical professor, Pharmacy, who has responsibility for the inpatient clinical clerkship at the VAMC, S.F., was selected to receive the $400 award to a volunteer faculty member.

Three $300 awards were made to outstanding teaching assistants: Denise Woltemath, resident, Pharmacy; and graduate students John Taylor and Ron Burnette, Pharmaceutical Chemistry.

The 12th Annual Henry Brainerd Memorial Lecturer is Sheldon M. Wolff, Endicott Professor and chair of Medicine at Tufts University, Boston.

Wolff will present the Brainerd Lecture as part of Medicine Grand Rounds at SFGH on Tuesday, June 22. His topic will be "The Pathogenesis of Fever — A Review of Research Over the Last 20 Years." Wolff also will present "Fever of Obscure Origin" at Medicine Grand Rounds at UCSF the following day in Cole Hall at 10:30 a.m.

The Lectureship honors the late chair of the UCSF Department of Medicine and chief of Medicine at SFGH.

Conference calls between a maximum of 19 sites can now be made through the Telecommunications Office at UC-Riverside. UCSF's Telecommunications Office still provides a five-party maximum in conference calls.

In addition, until June 30, each department may arrange two free conference calls paying only for the applicable telephone toll charges.

For further information and the correct forms, contact Irene Holland at x1581.

Four faculty members of the School of Nursing and a clinical nurse specialist at Moffitt Hospital have been selected to receive five top awards from the American Nurses Association (ANA). This makes five of the six national awards of ANA this year going to UCSF people. They will be presented June 25 to 27 during the ANA biennial convention at the Sheraton Hotel in Washington, D.C.

Receiving awards will be Dean Margretta M. Styles, EdD; Maura Carroll, FAAN, associate dean for Continuing Education; Sarah Ellen Archer, DPH, associate professor, Community Health Nursing and Administration; Ramona Mercer, PhD, associate professor, Department of Family Health Care Nursing; and Diane Cooper, clinical nurse specialist, Moffitt Hospital and assistant clinical professor.

Cooper is the first recipient of the new Medical-Surgical Nurse of the Year Award, given by the ANA Division on Medical-Surgical Nursing Practice, in recognition of a registered nurse who has made a significant contribution to medical-surgical nursing practice.

Styles, with Senator Daniel Inouye of Hawaii, will receive the ANA Honorary Recognition Award, presented biennially to persons who have rendered distinguished service to the nursing profession, and whose contributions are of national or international significance to nursing.

Carroll will receive the 1982 Honorary Membership Award for outstanding leadership, participation in and contributions to the purposes of the ANA. The 1982 Pearl McIver Public Health Nurse Award will go to Archer for her contributions and leadership in public health nursing.

Mercer will receive the 1982 Nurse of the Year Award, which will be presented by the ANA Division on Maternal and Child Health Nursing Practice and the March of Dimes Birth Defects Foundation. The award is given jointly to recognize a nurse leader in maternal and infant health care.

Roger Boles, MD, professor and chair of the Department of Otolaryngology, was installed as the new president of the Hospitals and Clinics Medical Staff at its annual dinner meeting on June 3.

Boles succeeds Saul J. Robinson, MD, clinical professor of Pediatrics and Pediatric Cardiology. Boles has served as vice president since 1980 and has been head of the Department of Otolaryngology since 1974.

William A. Atchley, MD, clinical professor of Medicine, was elected president-elect.

Also at the meeting, the Medical Staff presented special awards to Ephraim P. Engleman, MD, clinical professor, Medicine, for his role as director of the Rosalind Russell Medical Research Center for Arthritis; and to Arthur R. Ablin, MD, clinical professor, Pediatrics and research associate, Cancer Research Institute, for his leadership in the creation of Family House, a non-university facility where parents can stay when visiting their hospitalized children who have cancer.

A special showing of the New York sell-out hit, "Lena Horne — The Lady and Her Music," will be held Sunday evening, September 12 at the Golden Gate Theater to benefit the Rosalind Russell Medical Research Center for Arthritis at UCSF.

Mary Martin is honorary chair for the premier, which has a coordinating committee of 200 members, including Mrs. Richard K. Miller, chair, Mr. and Mrs. Melvin Swig, Carole Shorenstein and Melvin Belli. Serving from UCSF on the committee are Chancellor and Mrs. Francis A. Sooy, Dean and Mrs. Julius R. Krevans, Dr. and Mrs. Herbert C. Moffitt and Ephraim P. Engleman, MD, director of the Rosalind Russell Center.

UCSF technicians who work with formaldehyde, xylene and other solvents are invited to participate in a study to determine the adverse health effects of these solutions.

The study, sponsored by the California Society of Histology, will be conducted by USC researcher Kaye H. Kilburn, MD, and colleagues on Saturday, July 17. Questionnaires will be given out and the team will perform various breathing and skin tests as well as some neurological testing.

A special lecture on the effects of formaldehyde and solvents and the research project itself, will be given by Kilburn on Saturday, June 19 at 10:30 a.m. in Room HSW 508. For further information contact Patsy Kelly at x2610.

Four School of Medicine students have been chosen as recipients of Smith Kline Fellowships and the Kaiser Merit Award. This is a special honor because the UCSF School of Medicine is the only one in the country this year to have all of its applicants chosen for these coveted awards.

Fourth-year students Susan Friedland and James Krieger are the recipients of the Smith Kline Medical Perspectives Fellowships. The UCSF students were among 111 competing nationally, 28 of whom were funded.

Friedland will study "interaction between malnutrition and infection in the etiology of childhood blindness" at the Lady Ridgeway Pediatric Hospital in Colombo, Sri Lanka.

Krieger's research will be to "assess the impact of health care systems and the appropriateness of their medical technology" in Cuba, the Dominican Republic and Costa Rica.

Graduates Elizabeth Vasquez and Rhonda Simpson are the recipients of the Henry J. Kaiser Foundation Awards for Minority Students. Vasquez will take her residency in Family Practice at Sonoma County Community Hospital in Santa Rosa; Simpson in the Department of Medicine at UC-San Diego.

In addition, two other graduating students are the recipients of the Dr. and Mrs. Joseph Fife Awards in Medicine and Surgery. Steven Packer received the award in Medicine; Nicolas Nelken in Surgery. Each will be doing a residency at Moffitt Hospital.

Several graduating nursing students received special honors during commencement on June 5.

Marleen Meister, BS, of Madera received the Florence Nightingale Award recognizing the undergraduate student who best demonstrates leadership, scholarship and clinical expertise. Outstanding Master of Science Student awards went to Michelle J. Griffin of San Lorenzo, Judy Miller of Novato and Robin Kramer of Columbus, Ohio each for demonstrating leadership, scholarship and expertise in an area of specialization and showing potential for making a significant contribution to nursing and scholarship.

Gail Hoevet, DNS, of San Antonio, Texas, was presented with a certificate for the Distinguished Dissertation Award, recognizing the doctoral student whose dissertation best exemplifies scholarliness and innovation and best contributes to the discipline of nursing.

In addition, the graduate students presented Laura Reif, PhD, assistant professor, Family Health Care Nursing, with the Outstanding Junior Faculty Member Award and the international students presented their coordinator and advisor Lucile Leone with an award.

An award also was presented by all the graduating students to the Alumni Association in appreciation for scholarship assistance. It was accepted by Pat Kessler, president of the association.
